PROFESSIONAL SUMMARY

Results-driven Full Stack Developer and Testing Engineer with 7+ years of experience building scalable web applications and implementing comprehensive testing strategies. Proven expertise in PHP, Vue.js, Node.js, and modern testing frameworks. Successfully delivered enterprise-level solutions for government platforms, fintech applications, and SACCO management systems serving 50,000+ customers. Strong focus on web development, API development, and automated testing. Currently seeking new opportunities to leverage expertise in full-stack development and testing automation.
